1. ~~Please why are you writing this Social Commentary?~~

I've always enjoyed Research, I was never given huge research projects in School, however I was apart of an organization that did Research on how Communities need to thrive. I learned how to interview people, gather information, Question things, & Stay Non-bias in some situations.

- I plan on doing ~~interviews with elders~~ Research of Santa Rosa about how the Community used to be.

- Interviews with young person on the conditions of the Community now.

- Research on why I-40 was built into Santa Rosa

- ~~Question elders on the immediate affects they saw on~~
