The first step should take a week. It would be nice to do it a week before a city council meeting to have prepared for. Should be quick since all we need is to file a complaint and let it process.

Step ~~1~~ I would only take one day to gather photographs.

Past as a Researcher

in the past I was a bit nervous for the research just because I find it difficult to organize everything.

Present

I am currently comfortable with finding scholarly journals related to the topics I intend to do research on.

Future

I would like to get better at finding really good credible sources, I currently just use the first thing I see, I want to get better at comparing.
